**WEINGARTEN RIGHTS**

You have the right to Union Representation during an investigatory interview: The Supreme Court ruled that the following rules apply:

**Rule 1:** The employee must make a clear request for union representation before or during the interview. The employee cannot be punished for making this request.

**Rule 2:** After the employee makes the request, the employer must choose from among three options. The employer must: grant the request and delay questioning until the union representative arrives and has a chance to consult privately with the employee; deny the request and end the interview immediately; or give the employee a choice of having the interview without representation or ending the interview.

**Rule 3:** If the employer denies the request for union representation, and continues to ask questions, it commits an unfair labor practice and the employee has a right to refuse to answer. The employer may not discipline the employee for such a refusal.
